

# ASHWIN E

Aspiring Data Scientist / Data Analyst

Chennai, Tamil Nadu, India | +91 9360985917 | awin23879@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

## PROFILE SUMMARY

Motivated Computer Science and Engineering student with hands-on experience in Data Science, Machine Learning, and Business Intelligence, gained through multiple internships and end-to-end projects. Skilled in Python, SQL, Power BI, and Tableau, with a strong foundation in data preprocessing, EDA, predictive modelling, and dashboard-driven storytelling. Certified Data Scientist (DataMites) with NASSCOM Silver and IABAC Gold credentials.

## EDUCATION

### B.E. Computer Science and Engineering

2023 – 2027

Jeppiaar Engineering College, Chennai | CGPA: 7.8

### Certified Data Scientist (CDS)

DataMites

## PROFESSIONAL EXPERIENCE

### Data Science Consultant Intern — Rubixe.com

Jan 2026 – Jul 2026

6-month internship

- Worked on data science consulting projects, applying data preprocessing, exploratory data analysis, and predictive modelling to support client business objectives.
- Collaborated with cross-functional teams to translate raw data into actionable insights and recommendations.

### Data Science Intern — Thiranex

Aug 2026 (1 month)

Remote, project-based | Certificate ID: THX-AUG0126-190

- Delivered a project-based data science engagement remotely, applying data analysis and modelling techniques to real project requirements.
- Managed independent project ownership in a remote work environment, meeting deliverables within the internship timeline.

### Data Analyst Intern — Edvyro

Aug 2026 – Sep 2026

Remote, project-based

- Worked on a project-based data analytics engagement remotely, handling data cleaning, analysis, and reporting to support project deliverables.

### Student Coordinator — Vispark (Technical Event)

2026

- Supported end-to-end organization and execution of a technical event, coordinating logistics and participant engagement.

## PROJECTS

### Handwritten Digit Recognition

Machine Learning

- Built a digit classification model (CNN on MNIST) covering data preprocessing, model training, and evaluation.

### Concrete Composition Prediction

Regression Model

- Developed a regression model to predict concrete strength from composition features, including feature engineering and model evaluation.

### Cell Phone Price Prediction

Price Prediction Model

- Built a predictive model estimating cell phone prices from device specifications using EDA and regression techniques.

### Portuguese Bank Marketing Prediction

Classification Model

- Created a classification model to predict client subscription to a term deposit, applying data cleaning and model evaluation.

### Employee Performance Analysis

Data Analytics

- Analyzed employee performance data to surface trends and insights, presented through visualizations and dashboards.

## TECHNICAL SKILLS

**Languages & Tools:** Python, SQL, Git, Jupyter Notebook

**Libraries:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn

**BI & Visualization:** Power BI, Tableau, MS Excel

**Core Competencies:** Machine Learning, Statistics, EDA, Data Cleaning, Predictive Modelling

## CERTIFICATIONS

Certified Data Scientist (CDS) — DataMites | NASSCOM Assessment — Silver | IABAC Assessment — Gold | IBM SkillsBuild Workshops

## LANGUAGES

English, Tamil
